Paola Taffo, Home Décor Expert for The Village at Vaughan Mills, brings you the latest decorating trends every season.

“This season we show you how to dress up the foyer for the holidays and for every day. This is such an important but often overlooked space. It’s the perfect opportunity to make a grand first impression. I was inspired by the riches of Greek and Roman antiquity. I love the classic elegance of the 18th century – a time when royalty decked the halls with deep colours, sumptuous satin fabrics, ornate details and elaborate patterns.”

This season Paola shopped at **Bowring** and **Interior Furniture Galleries**.
