Paola Taffo, Home Décor Expert for The Village at Vaughan Mills, brings you the latest decorating trends every season.

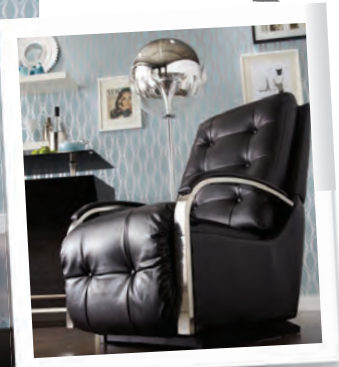

“These days I am all about getting into the groove of the ‘60s and ‘70s. It’s all about the Mod revival, with bold patterns and furniture design inspired by *The Jetsons* – sleek, ultra-modern and completely functional. It’s a style that works for every mood – whether you’re relaxing or entertaining.”

This season Paola dressed up the living room with a retro vibe using three key pieces – a table and a lamp from **Positive Space Interiors** and a recliner from **La-Z-Boy Furniture Galleries**.
